

Hearts & Souls
WORKING IN BUCKINGHAMSHIRE FOR CARDIAC REHABILITATION

Helping support patient
cardiac rehabilitation

What is Hearts & Souls?

You may be surprised to learn that the NHS does not provide all the funding for the superb Cardiac Rehabilitation Service we enjoy in Buckinghamshire, and that the Hearts & Souls charity helps to pay for this important service through charitable donations.

What do Hearts & Souls do?

The Cardiac Rehabilitation team does a fantastic job in helping people get their lives back to normal after cardiac events. We support this by providing grants and funding which:

- Contribute towards the Phase III Rehabilitation Classes with instructors and pedometers.
- Supply funds for staff education and training, ensuring skills and knowledge are up to date and relevant.
- Pay for the purchase of medical and exercise equipment.

How do we raise money?

We receive personal and corporate donations. We run fundraising events such as Spring and Autumn sponsored walks and a Christmas raffle.

Some supporters organise their own events to help us too. People are also kind enough to remember us with legacies.

Why we need your help?

Every year around a thousand people benefit from the service, a crucial element of which is the Buckinghamshire Cardiac Rehabilitation (BCR) unit, part of the progressive Cardiac Prevention and Rehabilitation Service in Bucks. BCR provides a professional, monitored and controlled exercise programme to help patients regain their health, fitness and position in society.

Running the exercise programme is a vast expense and is part funded by charitable donations, which is why we need your help to ensure the service continues for patients in the future.

We appreciate all support – donating money, leaving a legacy, attending our events or being sponsored for your own activity. We are also grateful for practical support with events, administration and publicity.
